WHCA Bethel Campus has designed two different programs to meet the students' needs. For students grades K-6th we provide an on campus program where the students receive direct instruction from highly qualified teachers. On campus instruction is provided Monday-Thursday in a traditional school year.

For students grades 7-12th and those who can not attend on campus instruction, we provide a distant learning program. We utilize a web based program called Ignitia for our distant learners. The distant learning program is most successful for highly motivated independent students. To find out more about our distant learning program contact the main campus @ 254-459-1230.
